
CIPTUG AWARD CEREMONY
Friday Sept 12th, 2003

Winners

Award in the category of: Customer Satisfaction
AAC - PhoneTop® K-12

Contact Information:

Doug Bowlds
doug@aac.com
703-918-6300
www.aac.com

AAC's PhoneTop® K-12 product allows school systems to use their phones to perform a wide range of administrative duties normally conducted manually or on paper today. Faculty members can now use their Cisco IP Phones to take period or daily attendance, issue and monitor electronic hall passes, conduct visitor control, provide campus directions to visitors, issue news bulletins, and more. The add-on module, PhoneTop Alerts, allows school administrators to automatically disseminate a variety of alerts to the IP Phones including Amber Alerts, FCC's Emergency Alert System alerts, NOAA's National Weather Service Warnings, and NOAA Weather Radio natural and technological warnings.
